Diversified CPC Int'l

High Purity 2-Butene

High Purity for High Demands

To produce the results today's markets demand, research and manufacturing industries rely on high quality products for their applications. Diversified CPC is equipped to meet these demands by offering a range of high purity 2-butenes.

Using industry-leading equipment and processes, we achieve purity levels that other manufacturers cannot match. Additionally, all Diversified CPC high purity products are kept in stock and are available for immediate delivery.

A Variety of Grades for a Variety of Applications

High purity 2-butene is used in a variety of applications, which is why Diversified CPC offers a range of purity grades. Each grade is formulated to specific standards to provide optimal and consistent performance.

<p>High Purity Mixed</p> <p><i>Formula: C₄H₈</i></p>	<p>99.5+% mixtures of cis/trans</p>	<p>Ideal for laboratory, research, and manufacturing plant applications, this mix can be blended to meet specific customer requirements. While other sources may supply mixed 2-butene with small amounts of cis-2-Butene, Diversified CPC formulates this product with a minimum cis-2-Butene content of 35%.</p>
<p>High Purity cis-2-Butene</p> <p><i>Formula: C₄H₈</i></p>	<p>99.5+% cis Isomer</p>	<p>Utilized in standards, research, and as a building block for other organic chemicals.</p> $\begin{array}{c} \text{CH}_3 > \text{C} = \text{C} < \text{CH}_3 \\ \text{H} > & & < \text{H} \end{array}$
<p>High Purity trans-2-Butene</p> <p><i>Formula: C₄H₈</i></p>	<p>99.5+% trans Isomer</p>	<p>Employed in standards, research, and in chemical synthesis projects.</p> $\begin{array}{c} \text{CH}_3 > \text{C} = \text{C} < \text{H} \\ \text{H} > & & < \text{CH}_3 \end{array}$

Ready to Meet Your Needs

Our high purity products are engineered to meet the stringent standards of research laboratories and the demanding requirements of today's top-performing manufacturing facilities. Diversified CPC produces and stocks these chemicals at its headquarters in Channahon, IL., where they are available for immediate delivery. Our 2-butenes are available in half ton cylinders and bulk.

The Diversified Difference

Diversified CPC International is a global leader in the production of the highest quality specialty gases, aerosol propellants, alternative fuels, NGL refrigerants, and foam blowing agents. In addition to providing quality products, we maintain an unprecedented focus on client satisfaction and offer an array of value-added services. Diversified CPC provides safety and operations consultation, storage tank sales and installation, and supply chain management to help clients meet their safety and operational goals.
